<b>Platelet-derived growth factors (PDGF-A and -B) and their receptors in human fetal and adult ovaries</b>	H.Pinkas, B.Fisch, G.Rozansky, C.Felz, G.Kessler-Icekson, H.Krissi, S.Nitke, A.Ao and R.Abir	<b>199</b>
<b>Fas-associated factor (FAF1) is required for the early cleavage-stages of mouse embryo</b>	I.M.Adham, J.Khulan, T.Held, B.Schmidt, B.I.Meyer, A.Meinhardt and W.Engel	<b>207</b>
<b>Prostaglandin F2-alpha receptor regulation in human uterine myocytes</b>	Z.Liang, S.R.Sooranna, N.Engineer, M.Tattersall, S.Khanjani, P.R.Bennett, L.Myatt and M.R.Johnson	<b>215</b>
<b>Progestogens regulate endothelial actin cytoskeleton and cell movement via the actin-binding protein moesin</b>	X.-D.Fu, M.Flamini, A.M.Sanchez, L.Goglia, M.S.Giretti, A.R.Genazzani and T.Simoncini	<b>225</b>
<b>Investigation of the role of SRC in capacitation-associated tyrosine phosphorylation of human spermatozoa</b>	L.A.Mitchell, B.Nixon, M.A.Baker and R.J.Aitken	<b>235</b>
<b>CAG repeat length variation in the polymerase gamma (POLG) gene: effect on semen quality</b>	G.H.Westerveld, L.Kaaij-Visser, M.Tanck, F.van der Veen and S.Repping	<b>245</b>
<b>Identification of new breakpoints in AZFb and AZFc</b>	P.Costa, R.Gonçalves, C.Ferrás, S.Fernandes, A.T.Fernandes, M.Sousa and A.Barros	<b>251</b>
